## **Brio Escape Opening**

You have heard the news; we are opening the fitness center, pools, and other amenities on May 7th. According to the Utah State Governor, Southwest Health Department and Utah Leads Together 2.0, "If open, fitness centers and gyms should follow strict distancing and cleaning guidance". Working with our Board of Directors, a list has been compiled of precautions you must adhere to when using the clubhouse.

- **Everyone must fill out or be listed on a "Release of Liability Waiver" before using the amenities and pools. This includes pickleball & tennis courts.** [Link to PDF Waiver for printing](#)
- Please enter through the front doors only, all others will remain locked.
- Use of the facilities will be limited to residents and their immediate family members that reside in Brio. We will not be allowing guests during this phase.
- At this time there will be no chairs/tables available on the pool decks. You will need to bring your own chairs or beach towels for your use.
- **There will be limited number of people allowed to use the facilities at one time. Maximum numbers are as follows:**

**Gym...8 people.** Please adhere to the social distance standards and not use equipment directly next to another resident.

**Social Room(s) 38 people per room or 77 people total:**

**Indoor Pool/Deck...15 people total.**

**Outdoor Pool/Kiddie Pool/Deck...100 People total.**

**Pickleball/Tennis Courts...4 per court:** Please adhere to the 6 foot social distance guidelines when waiting on the sidelines.

- Please wash your hand thoroughly, before using the gym equipment and remember to clean equipment after each use.
- **Above all, please be patient as we adhere to these new guidelines. There may be a wait to get in the facility, as we may be getting waivers taken care of or our maximum numbers may have been reached.**
